

D. VISIT CONTENT

Purpose of the visit

For preparatory visits: Please give a brief description of the project to which the visit is intended to give rise. If available, please provide information on aspects such as the objective(s), theme(s) and activities of the Comenius 1 project to be developed, the different institutions involved and which will meet on this occasion, and the planned starting date and duration of the project.

For contact seminars: Please give a brief description of your aims related to this seminar and of any project ideas you might have.

Project start 2007-08-01

Project duration 3 years

Project topic European CNC-Network

Project contents Development of an European Network on the field of computerized and numerically controlled machine tools (CNC).

Project activities

1. Internationally coordinated production of a machine supported by CNC:
 - a. Finding a project: brainstorming, ideas, possibilities
 - b. Agreement: choosing the suitable project in the field of (electro-) mechanical engineering.
 - c. Planning: costs, distribution of the resources, drawings (supported by CAD).
 - d. Production: making of the several parts in each participating school.
 - e. Assembly: fitting the parts mutually together
 - f. Conclusion: evaluation, final calculation and summary
2. Comparing the different kinds of training and working, and the educational bases
3. Exchange / development of teaching methods, and materials.
4. Compensating the organizational and methodical differences concerning the different partners.
5. Developing of a multilingual internet-forum as a base for a lasting and precious communication.

The production of each part of the project requires the continuous activities of our students. The project is integrated with targets of the training programmes and the curricula of the different metal-working and electrician professions.

Description of the visit (applicants for contact seminars do not need to answer)

Please describe the activities which will take place during the visit. Please explain also whether representatives from any of the future project partner institutions other than from your institution and the host institution(s) will take part in this preparatory visit as well.

- contacting all future partners
- meeting colleagues, and becoming acquainted with the cultures and the school-systems
- explaining the conditions for being promoted by SOKRATES/COMENIUS
- defining topics, aims and methods
- distributing the responsibilities and the tasks to the partners
- preparing the work schedule including the budget of the project
- taking the necessary steps concerning the mobility and the exchange during the programme
- filling in the application forms
- visiting plants with emphasis on CNC supported production
- cultural programmes

Please provide in the table below the requested information on the institution to be visited abroad and the dates and the duration of your stay.

Please note also that the maximum duration of a preparatory visit is 1 week, i.e. 6 overnight stays abroad.

Institution to be visited

Full legal name of institution in the national language:	Berufsbildende Schule TGHS Technik · Gewerbe · Hauswirtschaft · Sozialwesen	
Street name and number:	Ringstraße 49	
Post code and town/city:	55543 Bad Kreuznach	
Region:	Rheinland-Pfalz	
Country:	Germany	
Telephone and fax number (include area and country code):	Telephone: 0049 671 88 777 0	Fax: 0049 671 88 777 50
E-mail:	comenius@cnc-network.eu	
Family and first name of contact person:	O c h s, Fritz	Mr <input checked="" type="checkbox"/> Ms <input type="checkbox"/>
Present position:	Headmaster	

Dates and duration of the visit

Dates (day, month, year):	Beginning (not before 1 August 2006): 07.11.2006	End (not after 31 July 2007): 13.11.2006
Duration in persons x days	_ persons x 7 days
